# ALLEN Super Compact 50 / 30 Hot Foil Coder

**50/30 Hot Foil Coder**

The 50/30 hot foil coder is capable of reproducing a consistently high print quality on a range of substrates at high speeds. The unit is sustainable for printing expiration dates, product identification and lot/batch numbers. The 50/30 is ideal for use in many production environments including food, pharmaceutical and cosmetic industries as well as numerous industrial applications. The unit can be used as a standalone system or integrated into an existing production line with a variety of host equipment.

## KEY FEATURES

- Digital variable temperature and dwell control to suit the application
- Low foil warning
- Comprehensive range of type and typeholders
- Suitable for integration with labeling and packaging machines

## SPECIFICATIONS

<b>Print Area</b>	48mm W x 30mm H
<b>Performance Specifications</b>	Up to 800 prints per minute
<b>Functional Specifications</b>	
Ribbon (Foil) Run Out Warning	Standard
Print Temperature Adjustable Range	158F (+70C) to 410F (+210C)
Dwell Time	0.01 - 1.00 seconds
<b>Physical Specifications</b>	
Printhead Size	209mm W x 205mm H x 142mm D
Ribbon (Foil) Size	52mm X 305m (inside wound) 2" x 1000' (1" Conversion Kit available)
Minimum Air Supply	4 bar (60 psi)
Power Supply	110V AC or 220V AC
Printhead Weight	13.2 lbs (6.0kg)
