

Key Facts

- Industry**
Mineral water

- Product coded**
Glass and PET bottles

- Line speed**
11,000 bottles/hour

- Linx printer**
Linx 8920

- Ink used**
Linx Black bottling ink 1058

Key Product Benefits

- Linx 8920**
- Flexible coder with 5 line and barcode printing capability
- High line speed up to 7.28m/s
- Large color touch screen
- Self-service
- Quick-change fluid cartridges
- Real-time output measurement and line stoppage logs

“We are delighted with the Linx 8920s in terms of code quality, this is exactly in keeping with our brand values as a premium product, while the reliability of the printers helps to ensure that production throughput is consistently maintained.”

The printers provide service intervals of 18,000 hours or 24 months. In addition, the unique Ddvanced system monitoring provides a continual check of their operation in terms of ink system running parameters and environmental conditions. This enables the Linx 8920s to identify simple actions that users can take to prevent unscheduled stoppages, helping to ensure continuous reliable operation and avoid unplanned downtime

The consistent, trouble-free operation of the Linx 8920s with minimal intervention has been a huge benefit to WKH enabling the company to maintain output and meet demand, particularly vital during the busy summer months, as well as freeing up the engineer to carry out his regular duties.
