Top 10 reasons why the Linx 8900 is reliable and easy to use

01 Handles surface irregularities by forgiving speed changes and surface contours

Up to 0.5-inch throw distance **02**

03 Its 10" customizable touchscreen with intuitive user interface enables a simple job set up, multiple line settings and can be used while wearing latex gloves

Higher print quality compared to other inkjet coders **04**

05 Prints codes that won't rub off non-porous substrates

Quick start up and shut down **06**

07 Avoids partial codes by issuing warning if printer is not working

One-touch, mistake-free cartridge refills **08**

09 Autoflush keeps the printhead clean so over 100 starts and stops are possible between recommended cleanings

Reliable in harsh environments **10**
